

Yuriy Karpliuk

Junior Java Developer

I am a diligent and ambitious software developer with good commercial experience. My passion for coding drives me to continually seek opportunities for skill development and growth. I thrive in dynamic environments that prioritize innovation and collaboration, where I can contribute my expertise and learn from others. I bring a proactive approach to problem-solving and a keen eye for detail to every project. My dedication to teamwork ensures that I actively engage with colleagues to achieve project goals efficiently and effectively.
